## SSL visibility seminar

During this seminar you will get hands-on experience and knowledge of SSL visibility. We talk about how Palo Alto Networks gives visibility to encrypted traffic, the decryption process, selective decryption of certain applications and sites and we talk about block application over HTTPS.

Who should attend:  
Consultants and pre-sale

Questions: [lea.thejls@westcon.com](mailto:lea.thejls@westcon.com)  
+45 2617 3717

## Agenda

11:00 Welcome & Background  
11:30 Challenges with encrypted web traffic  
12:15 Lunch
